Profile

....

I'm a dedicated and enthusiastic MSc graduate. I'm eager to gain new experiences and motivated by challenges. My objective is to work in the web industry where I can learn and make good use of my passion for web development.

I also run a few website that's outside of work:

Ting-chen.com - My blog with my resume and contact info.

Tinabao.com - A tumblr page, which I've created a custom theme. I use this to post my digital illustrations.

Origamiclover.com - A wordpress site for papercraft and origami tutorials, this is hosted on AWS. Which I've also designed and developed a custom wordpress theme.
